

WELCON TECHNOLOGIES

Welcon's 11th Birthday

This year Welcon celebrated its 11th Birthday at Lions Park where we all gathered for a relaxing afternoon of fun in the sun and playing a bit of cricket and watching the kids enjoy themselves playing on the jumping castle that Welcon privately hired for the afternoon. We celebrated with a huge B.B.Q and drinks before finishing up with speeches and certificates presented by Directors Steve and Pauline. Special congratulations and a Welcon plaque was presented to Rod Peters, Rodney Manton and Brad James in celebration of 10 years of service at Welcon.

Power Systems Workshop

On the 19th-22nd May 2009 Welcon held its recent Power System Workshop in Gladstone at CQU. The course was presented by one of our own Specialist Power Systems Engineer – Sesha Prasad.

Sesha provided a lot of knowledge and training on the following topics, Power system harmonics, Protection system overview and coordination, Loadflow studies, Fault studies, Power system fundamentals.

Welcon's Power System & Arc Flash Hazard Analysis Training Courses are held regularly in the Eastern Australian Regions and In-house training can also be provided.

For more information on these workshops please contact Cassie Williams on phone 07 4976 0600

On the Social Frontier

There have been some massive movements within the personal lives of the Welcon Staff:

Buying & Building a new House

Brad & Linda James
Cassie & Rob Williams
Brad McIntosh & Carey Hemingway
George & Roza Baker
David Nathan & Mel Wills

Weddings

Congratulations to Rod Peters who never does things by half, Rod popped the question & got married on the same day to his lovely new bride Cia Peters.

Congratulations to Harsh Leuva who travelled all the back to India to be married to his new bride Vaishali Leuva.

I.T. Edition –Gold Service

Welcon **Gold** Membership is more than just responding to problems. It is all about **PREVENTING** these problems by conducting regular service checks on your system.

With regular reporting on how your system meets the needs of your business you can budget for future upgrades and replacements before they become critical.

Welcon Gold Membership is all about keeping you in control of your IT Systems, giving you peace of mind.
